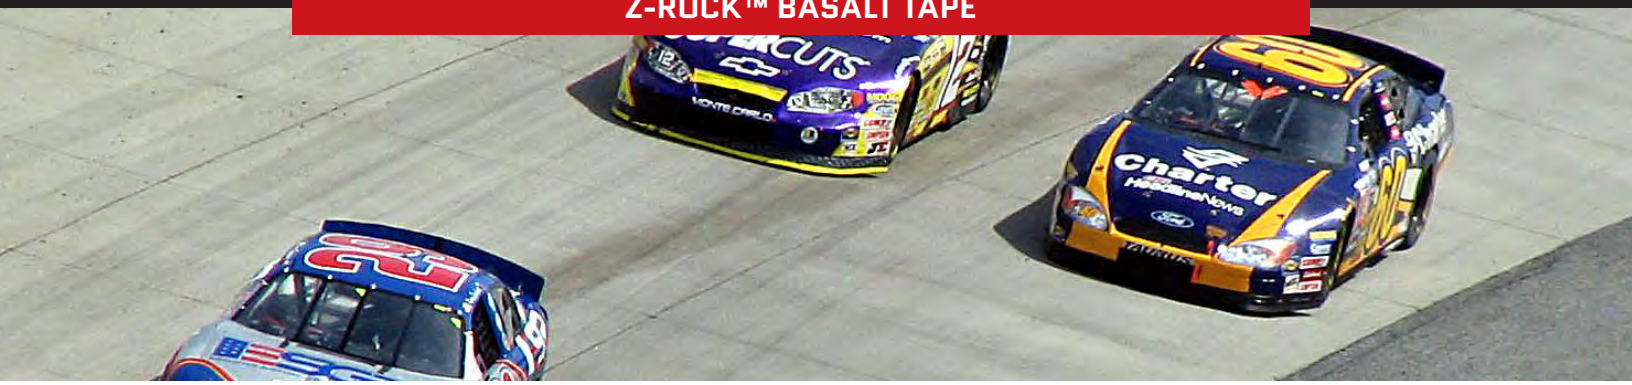
NEWTEX

PERFORMANCE MATERIALS

Z-ROCK™ BASALT TAPE



Newtex has been serving the automotive market for almost four decades. Professional drivers and hobbyists trust our thermal insulation and heat shielding fabrics, tapes, and tubings to improve fuel efficiency and performance in their cars, trucks, motorcycles, and off-road equipment. All Newtex Automotive products are manufactured in the United States.

Z-Rock™ Basalt Tape

For automotive efficiency

Z-Rock Basalt tape is woven from yarn derived from volcanic rock. Basalt offers a visually appealing smooth and shiny finish that works to insulate and reflect heat to reduce under hood temperatures and increase horsepower. Basalt is strong, easy to wrap, and vibration and chemical resistant.

Temperature Resistance

- Sustained Operating Temperature: 1500°F (815°C)
- Peak Temperature: 1800°F (980°C)

Common Uses: Wraps for exhaust pipes, air intake pipes, turbo pipes and tubes, hoses, wiring, and cables.

Item Number	Description	Thickness		Width		Length	
		mils	mm	inches	cm	feet	meters

For nearly 40 years, Newtex has been a pioneer and leading global producer of high temperature materials and engineered solutions for thermal management and fire protection. Headquartered in Rochester, New York, Newtex is an ISO 9001:2015 certified, vertically integrated manufacturer of an impressive portfolio of textiles and fabricated systems for insulation and fire containment. Globally recognized textile brands include ZetexPlus®, Z-Flex®, and Z-Block™. Newtex is a minority owned, veteran-managed business that has served the US Military and leading global industries since 1978. Newtex products are proudly made in the USA.

Newtex, Zetex, Z-Flex and ZetexPlus are registered trademarks of Newtex Industries, Inc.
